

ALABAMA SENATORIAL RACE.

Contest Between Governor Johnston and Senator Morgan.

Mobile, Feb. 12.—A Birmingham, Ala., special says: Two more counties have arranged to act on the senatorial contest before the regular April Democratic primaries. They are Walker and Dale, both of which have called their primaries for Feb. 17. It is generally conceded that General Oates will carry Dale, which is in this old congressional district, while Walker will be fought for by both Senator Morgan and Governor Johnston. Each of these counties has one representative in the general assembly.

After they act no others will express themselves on the senatorial question until April 4, when primaries will be held in the remaining 52 counties. The recent victories of Governor Johnston in Russell and Winston counties have brought the race between the governor and Senator Morgan to a very close finish. On the most reliable estimate the two are only five votes apart in the matter of their strength in the Democratic legislative caucus.

Former Congressman T. W. Howard, popular candidate for senator, has begun his campaign. He predicts that he will hold the balance of power when the legislature meets and that he will be enabled to use it to secure his own election.

Political mathematicians are somewhat puzzled in their efforts to figure out just which Democrat Howard's race is going to benefit.

MANY NEW INDUSTRIES.

A Number of Factories in Operation in the South.

CHATTANOOGA, Feb. 12.—Among the new industries reported by The Tradesman during the week ending Feb. 10 the more important are as follows:

An acetylene gas company and an automobile manufacturing in Virginia; a canning factory in North Carolina; brick works in Tennessee and bridge works in Alabama; coal mines in Arkansas and West Virginia; a cotton gin manufacturing in Texas; cotton mills in Arkansas, Georgia, Kentucky, North Carolina, South Carolina, Tennessee; a cotton seed oil mill in North Carolina; two electric light plants in Texas; an electrical supply company in Tennessee; engine works in Virginia; flouring mills in Georgia and South Carolina; foundry and machine works in Texas; two furniture factories in North Carolina; ice factories in Kentucky, North Carolina, Tennessee, Texas; lumber mills in Florida, Georgia, North Carolina, Tennessee, Texas, Virginia; a natural oil and gas company in West Virginia; phosphate mines in Tennessee; a planing mill in Mississippi; a shipbuilding and drydock company in Virginia; stove factories in Georgia and Tennessee; telephone companies in North Carolina and Tennessee and zinc mines in Virginia.

PROSPECTS FOR PEACE.

Montague White Looks For Honorable Adjustment.

New York, Feb. 12.—Montague White writes to The World as follows: "I am delighted to find that the prospects of peace are increasing. The heroic resistance of the Boers must convincingly satisfy the large body of impartial English opinion that they are fighting for the noblest principles of mankind—home, freedom and independence."

"There was a strong minority in England bitterly opposed to this war from the very first. I am perfectly sure that this minority has been increased to a majority, although the sentiments of pride and prejudice may possibly prevent them from openly advocating the cessation of hostilities. It ought not to be impossible for American sympathizers and advocates of peace to work on the lines of the conciliation committee in England and thus find a means of securing conditions of peace honorable to both parties."

"Although the Boers have shown military abilities which have surprised the whole world, they are essentially peace-loving and the very reverse of what is known as a warlike people. The fact that their existence as a people is at stake accounts for their wonderful morale and efficiency. They have means and a determination to carry on a long war, but I am sure that they would welcome any effort that would enable them to beat their swords into pruning hooks, providing that an honorable and a permanent peace could be assured."

Athens Postoffice Burglarized.

ATHENS, Ga., Feb. 12.—The postoffice in this city was burglarized this morning. Every letter in the office was opened. It is not known how much money was secured. Several bank checks were found on the floor. The stamps and registered letters were in a safe and were not molested.

BY EXCURSION.

For the Benefit of the Public School Library.

The pupils of Grade 7, Sec. B., School No. 1, will give a bay excursion Saturday, Feb. 17, on the steamer "Florida" for the benefit of the school library.

The boat will leave Palafox wharf promptly at 10 a. m., returning about 5 p. m. Stops will be made at Navy Yard, Fort Barrancas and the Life-Saving Station, and a trip in the Gulf will be given to those who so desire. Others will remain at Life-Saving Station until the boat returns from the Gulf.

On the return home the boat will make a tour up in the eastern part of the bay, giving passengers a fine view of Pensacola.

Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. I. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure Stomach and Liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure Stomach, Liver and Kidney troubles and never disappoints. Price 50c at W. A. D'Alemberte's drug store.
